## Infrastructure Details: 45 - acre campus

The 'Flame of Forest' campus of Sagar Group of Institutions is located at a Chevella town, 45 kilometers from the city of Hyderabad, Telangana. The campus is named after the beautiful 'Flame of Forest' trees that grown in this area. The campus is 50 kms from Rajiv Gandhi International Airport and 50kms from Secundrabad railway station.

'Flame of Forest' is a sprawling 45-acre integrated campus which has been divided into an 18 acres bit comprising of infrastructure such as academic blocks, canteen, library, hostels etc. and a 32 acres bit that is dedicated to farming and field work for students to enable live practical learning.

### Infrastructure

The infrastructure has been designed keeping in mind the requirement of individual institution under SGI. Every institution has a dedicated academic block which comprises of lecture halls, computer labs, language lab etc. The structures have been designed with 'sustainability' and 'creativity' as the primary themes.

### Library

FABS has an excellent and uniquely designed central library. It is well stocked with books and journals both in physical and digital versions. It also boasts of a e learning cell where students have access to IT systems for enhanced digital learning.

### Class Rooms

Specially designed in semi-circular theater format that ensures participative learning, all the classrooms are equipped with latest communication equipment.

### Business Communication Lab

FABS has a state-of-the-art Computer Lab. The students will be working in a Wi-Fi enabled networked environment.

### Hostels

We believe that students learn as much from their group work and mutual interactions as they learn from the instructors in the classroom. Hence, we have made the programme fully residential. All students are provided with well-furnished single occupancy rooms with common meeting and recreation rooms and coffee dispensing machines. Separate blocks are provided for boys and girls.

### Canteen

Most of the innovative learning takes place while having a sip of coffee in a group. To cater to this need, a sprawling canteen with modern kitchen is available with Wi-Fi connectivity. This will be the best part of the campus and the buzzing centre of activity in the campus.

### Industry Visits

FABS lays emphasis on experiential learning. Students are taken to industries for real life exposure to business operations which would enable them to get practical experience to live operations. Such visit would help the students apply classroom concepts to real scenarios.

### Seminar

Knowledge is free flowing and is owned by no one. Keeping this quote in mind, FABS conducts regular seminars, workshops and guest faculty lectures to facilitate a free flow of ideas and knowledge. It is highly important that the students and faculty get to interact with experts in various fields in the agriculture sector. Seminars and guest lectures also act as a platform for companies to interact with students for future recruitment drives.

### Sports

SGI believes in an overall development of students. Keeping this in mind, SGI campus offers state of the art sport facilities such as cricket pitch, football ground, volley ball pitch and other indoor games. FABS encourages students to participate in inter college sports tournaments. FABS has secured the top positions in a number of such tournaments. SGI has hosts its own sports fest SAGAR'S IGNITE, VJIM'S KRITHANSH, IBS AAVAG, MANAGE OLYMPUS.

### Transportation

Transport will be provided to the students for their weekly visits to the city for shopping and entertainment activities.
